

THE WEB.ICASS FEED

Check out the ICASS Website - IT HAS A NEW LOOK!!

Volume 4, Issue 2
April 2007

READY TO MOVE FORWARD WITH YOUR FY07 FINAL BUDGET ?

Great... but be sure to download the latest versions Web.ICASS 2.21.00 & 2.21.01 from the PASS website (<http://pass.irm.state.gov>) Downloads/ICASS/Software. See [STATE 029951](#) (dated 3/9/07) for installation guidance and software enhancements.

WHERE ARE THE INSTRUCTIONS AND CHECKLISTS FOR THE FY07 FINAL BUDGET

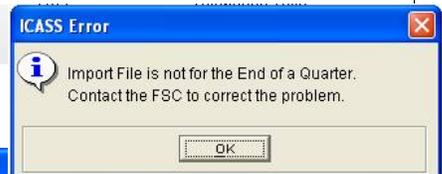

Instructions are already posted on the ICASS website (www.icass.gov) in the "Budget Instructions" folder. You MUST review these instructions before initiating your FY07 Final Budget preparation to avoid time consuming corrections later. Checklists are coming soon ~

HAVING SOME HEADACHES WITH ACTUALS?

We have answers and are working on the cure! For help, click here if you are getting an error message "[Import File is not for the End of a Quarter. Contact the FSC to correct the problem](#)".

Click here if you are getting an error message "[Import Aborted: null](#)"

Click here if your [Actuals data differs from Report 62](#).

WHEN WILL I RECEIVE MY FY07 FINAL ICASS TARGETS? WHEN ARE THE BUDGETS DUE?

The ICASS Budget Committee met on April 18th and approved the final ICASS targets for FY07. The ISC will post the approved final targets on the website (www.icass.gov) (Budget/Current Fiscal Year/Approved FY 07 Final ICASS Targets). The submission due date is May 23rd. Visit the ICASS website for further instructions/cables on this matter. Contact Patricia Garate (GaratePA@state.gov) at 202-663-1706 for questions or extensions.

WEB.PASS 2.05.03 WILL SOON BE AVAILABLE...STAY TUNED!

Web.ICASS 2.21.01 is designed to work best on Web.PASS 2.05.03, which will be available soon. In the meantime, posts may continue to work on their final budgets using Web.PASS 2.05.02, but be sure to have your PASS Administrator install Web.PASS 2.05.03 **before you submit your ICASS budget plans online** to ensure your budget submission and messaging works error-free.
