May 2007

CAN I SEPARATE ICASS M&R TARGETS FROM LEASE TARGETS IN THE SOFTWARE?

Due to OBO reporting requirements, your FY 2007 Final OBO ICASS target is split into an amount for leases and an amount for M&R ([see STATE 013364 – dated 2/2/07](#)). However, when entering the Final OBO ICASS target in the Post Profile node, you MUST use the sum of these two numbers.

WHAT EXCHANGE RATE SHOULD I USE WHEN ENTERING FY 2008 ICASS AND NON-ICASS LEASES AND M&R COSTS IN THE LEASES WORKSHEET?

If the FY 2008 Leases and M&R costs are paid in local currency, use the March 31, 2007 exchange rate to convert the funding requests to U.S. dollars in the Leases Worksheet.

CAN I START MY FINAL BUDGET USING WEBPASS 2.05.01 WITH ICASS 2.21.01?

Yes you can !!! However, when you submit your plan to DC, you must have PASS 2.05.03 installed in order to receive the correct submission status.

ARE ICASS POSITION CODES OUTDATED?

Yes they are !!! Post should start now replacing the outdated ICASS position codes with Post Personnel System (PS) data in all relevant budget worksheets and complete the process by the time you submit your FY 2008 Initial Budgets. See [STATE 060735](#) (dated 4/5/07) for details.

SHOULD I SUBMIT LGP PROFILES AT THE FINAL BUDGET?

As a result of streamlining the process by DS, you no longer need to submit post's LGP profiles when you submit the Final budget.
