3. Please follow the steps below to capture these cost savings for your post:

A. Post must contact Force 3 Representative Laurie Schronce at 410-774-7168 to discuss their requirements for non-CAA OpenNet switches and receive current CLIN numbers.

B. Post must provide Force 3 with the GITM Contract Number: Switches-1019-832225. These numbers will ensure that post will receive the GITM bulk discounted price.

C. Post will issue a funded PO directly to Force 3. The funded order must be issued by a warranted Contracting Officer resident at post.

D. Post will be responsible for receiving, inspecting, and accepting goods received. Following acceptance, payment to Force 3 will be made by post in accordance with posts standard disbursement practice.

E. Shipment procedures are as follows:

-- Non-CAA OpenNet Switches: Force 3 shall ship the ordered OpenNet switch(es) directly to the purchasing post. The cost of shipping to post will be in addition to the price of the goods. Because the price of the equipment is FOB Springfield, Virginia, if direct

STATE 00111138 002 OF 002

shipment is arranged between the vendor and post, post should ensure that the goods are properly insured to protect against damage and/or loss during transit. This cost is not included in the price of the equipment and safe transit is not the responsibility of the vendor.

-- CAA OpenNet Switches: Posts are reminded that all CAA procurements or other classified procurement actions for posts must be processed through A/LM/AQM/IT. These procurements will still be afforded the reduced rates.

F. Post is responsible for installation of the procured switches.

4. For answers to questions relating to the utilization of GITM bulk procurement rates, please contact GITM Operations Division Chief, Jaime Esquivel at EsquivelJX@state.gov. For acquisition related questions about the program, please contact A/LM/AQM/IT Division Director, John Stever at Steverjj@state.gov.
